Newsletter February 2015

Feral Oyster Removal 11.00a.m. Sunday 15th February Change of plans

The plans for an off shore clean up involving Windsurfing Tasmania volunteers, followed by a community BBQ have had to be altered. The oyster farmers are experiencing a very busy period and on this day are unable to provide the staff and equipment to support this activity off shore. Also our Windsurfing Tasmania stalwart Andrew Houston has returned from a skiing holiday with a broken leg. We wish Andrew a speedy recovery.

We will proceed with our on shore oyster removal.

A registration desk will be set up at 10.45a.m and it is essential that participants register and read the safety guidelines. If you can bring a cold chisel, hammers, tomahawks or other suitable tools as well as safety goggles that would be great. Gloves will be available if required. Solid, enclosed footwear is required and appropriate sun protection recommended.

If possible it would be helpful if you could advise Garry Hulme that you plan to participate.

Community Sausage Sizzle rescheduled

Windsurfing Tasmania volunteers will now be joining the Feral Oyster removal of **Sunday 1st March**, with teams tackling beds on and off shore. PLOGA has offered to support a sausage sizzle and we will have the BBQ fired up at about 1.30p.m. So even if you cannot participate in the oyster removal, come along and meet your neighbours and friends of Lumeah Point. This is also an opportunity to discuss the Wildcare projects and suggest priorities for action.

The remaining oyster removal times are:

1 March 2015	12.00p.m. to 3.00p.m.
12 April 2015	7.30a.m. to 10.30a.m.
24 May 2015	6.30a.m. to 9.30a.m.

Save trees, ink, boot leather and my weary legs

Please email garry.hulme@gmail.com subject "Wildcare" and we will share further newsletters and announcements electronically.
